

Effective **September 30, 2022, at 12 noon Eastern Standard Time**, the Kaiser Gypsum Asbestos Personal Injury Trust (“the Trust”) will commence accepting asbestos personal injury claims.

The Trust was established as part of the Joint Plan of Reorganization of Kaiser Gypsum Company, Inc. and Hanson Permanente Cement, Inc. The Trust was established to fairly and equitably resolve asbestos personal injury claims arising as a result of exposure to Kaiser Gypsum or Hanson Permanente Cement products.

The Trust has established procedures for processing and paying claims on an impartial, first-in-first-out basis, with the goal of paying claimants over time as equivalent a share as possible of the value of their claims.

A complete copy of the Trust Distribution Procedures and Claim Form are available on the [Kaiser Gypsum website](#).
